PROFESSIONAL SUMMARY

Computer Science graduate (First Class Honors) with hands-on data analysis experience using Python, SQL and Power BI.

EDUCATION

King Saud University | *Bachelor of Science, Computer Science* Sep 2019 – Jun 2024

GPA: 4.62 / 5.0

Honors: First Class Honors

Relevant coursework: Database Systems, Machine Learning

TECHNICAL SKILLS

Programming & Data: Python, SQL

Professional: Leadership

INTERNSHIP EXPERIENCE

Data Analyst Intern | *Riyad Bank* Riyadh | Jun 2023 – Aug 2023

- Automated a manual report, reducing preparation time from 3 days to 1 day
- Built weekly Power BI dashboards and cleaned transaction data with Python and Pandas

SELECTED PROJECTS

Retail Sales Forecasting | *Python, Pandas, scikit-learn, Matplotlib* Sep 2023 – May 2024

GitHub

- Built a time-series sales forecasting model in Python and scikit-learn with 12% lower error than the baseline

LEADERSHIP EXPERIENCE

President | *KSU Data Science Club* Sep 2022 – Jun 2023

- Organized workshops on data visualization

PUBLICATIONS

Early Warning Signals for Student Dropout | *ICEDM 2025 — Under review* 2025

Authors: S. Al-Harbi, M. Ali

CERTIFICATIONS

IELTS Academic | *British Council* Feb 2023

Score: 7.5 / 9.0

Expires: Feb 2025

AWARDS AND ACHIEVEMENTS

Smart Queue System | *Patent application — SAIP* Jan 2024
